

Seminole County 2045 Transportation Mobility Plan

PROJECT FACT SHEET – ISSUE NO. 1
DECEMBER 2022

Seminole County is developing its 2045 Transportation Mobility Plan to serve as a guide for future Seminole County transportation improvements and investment decisions through 2045.

KEY PLAN CONSIDERATIONS

The 2045 Transportation Mobility Plan will consider:

- Prioritized roadway infrastructure improvements to enhance safety and connectivity countywide
- Bicycle, pedestrian and accessibility improvements
- Connected walking, cycling, transit and trail networks
- Programs such as Safe Routes to Schools and cycling education to encourage safe active transportation
- Easily accessible public transit (in coordination with LYNX)
- Mobility hubs featuring car-share and bike-share services
- Improvements in underserved communities
- Potential benefits of emerging technologies
- Coordination with regional transportation partners

GOALS & OBJECTIVES

Help us develop a vision for Seminole County’s future transportation network that reflects the following goals and priorities shared by the community to:

-  Improve **safety** for all transportation users, especially pedestrians and bicyclists
-  Reduce **congestion** on constrained facilities and improve travel-time reliability
-  Increase convenient, **multimodal travel choices** for people of all ages and abilities
-  Boost access and **economic opportunities** for all users
-  Protect the **environment** and reduce greenhouse emissions
-  **Plan for future** population growth that supports the urban centers and corridors

Please check back as we continually build and update this web page. We are looking for your input and ideas to create a vision for the future of Seminole County’s transportation network. How can we encourage residents to drive less and walk, bike, ride transit and carpool more? An online survey is coming soon!

COMPREHENSIVE PLAN UPDATE

The 2045 Transportation Mobility Plan is being developed to align with and support the long-range vision of growth and development throughout the County, as outlined in the Transportation Element of the County’s Comprehensive Plan.
