Contour, Florida, Seminole County, Elevation, Lidar, DSM, St. Johns River Water Management District

Summary

These contours were generated for the purpose of flood mapping by Watershed Concepts from LiDAR data provided by the St. Johns River Water Management District. The tiles provided have been merged to a single feature class to be placed in the Seminole County SDE Library.

The original tiles reside in S:\ROADS & STORMWATER\00_FEMA_Update\Lidar\SJRWMD_LiDAR2005_Contours. The Lidar was flown 2005. The LiDAR dataset is stored in the "X" drive, accessible to Public Works.

Description

These contours were generated for the purpose of flood mapping by Watershed Concepts from LiDAR data provided by the St. Johns River Water Management District.
