

# Envision Seminole Listening Tour

*We want to hear from you!*

Tell the County **what you think matters most** as we plan for the next 20 years of growth, change, and conservation.

The program will include a brief presentation on how land planning affects where and how new homes, neighborhoods, stores, and places of work are built in our community. Then we will ask you to share your thoughts on what's working and what's not working as it relates to land development, conservation, transportation, recreation, and other issues in the County and what challenges and opportunities the vision should anticipate.
