Old Business:

- Review of final maps.
 - No larger map printed as of this time. Will be using the screen on TV to view in meeting. Also, will have smaller printed maps for each person. All agreed.
- Score sheets
 - The method of scoring that Mr. Exum put together was liked by all, but the committee discussed how points would be distributed for each category. Mr. Exum agreed to capture the edits of the ARC in a revised format, including clarifying how many points could be achieved under each of the 5 categories referenced in the Seminole Forever Ordinance. This revised version will be reviewed at the next meeting.
 - Ms. Williams asked how the ARC would use these criteria to evaluate passive parks, community gardens, and sustainable agricultural lands and the ARC agreed to discuss this at the next meeting.
- Timeline.
 - Ms. Williams confirmed that there was no pressure as to when the acquisition scoring criteria are complete and presented to the Board of County Commissioners.

New Business:

- Ms. Williams suggested that the ARC would benefit from a discussion of the accomplishments and processes that the County has used to acquire and manage lands in the past and the ARC agreed.
- Future presentation to discuss the goals/initiatives of the Department.

The meeting was adjourned at 4:19 PM.
