

Seminole County 2045 Transportation Mobility Plan

PROJECT FACT SHEET

ISSUE NO. 2

SEPTEMBER 2023

Seminole County is developing its 2045 Transportation Mobility Plan to serve as a guide for future Seminole County transportation improvements and investment decisions through 2045.

YOUR INPUT IS REQUESTED

SURVEY

KEY PLAN CONSIDERATIONS

The **2045 Transportation Mobility Plan** will consider:

- Roadway infrastructure improvements to enhance safety and connectivity Countywide
- Bicycle, pedestrian, and accessibility improvements
- Connected active transportation networks, such as walking, bicycling, transit, and multi-use trails
- Easily accessible public transit (in coordination with LYNX and SunRail)
- Mobility hubs featuring carshare, rideshare and bikeshare services
- Improvements in underserved communities
- Potential benefits of emerging technologies
- Coordination with local and regional transportation partners

GOALS & OBJECTIVES

Help us develop a vision for Seminole County's future transportation network that reflects the following goals and priorities shared by the community to:

Preserve and enhance the existing system's function and performance

Protect and preserve the environment and quality of life and promote energy conservation

Be **consistent** with local, regional, and statewide safety initiatives, and emphasize **bicycle and pedestrian safety** improvement projects

Support **economic vitality, regional priorities,** and the **connectivity** of people and goods for the regional system

Improve **access to multimodal options** and advance **public health**

SEPTEMBER 2023

PROJECT SCHEDULE

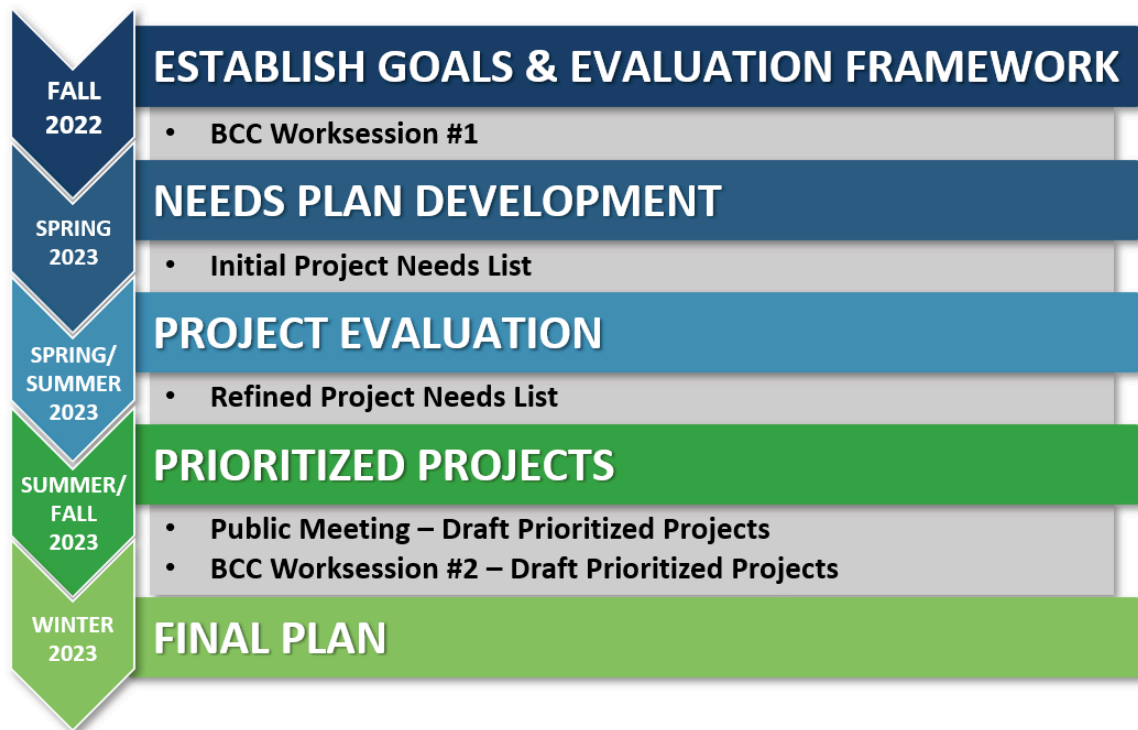

To gather input at key project milestones, meetings were held with the Board of County Commissioners (BCC) and project partners, including the cities of Altamonte Springs, Casselberry, Lake Mary, Longwood, Oviedo, Sanford, and Winter Springs.

In fall 2023, Seminole County plans to hold **public meetings** to

share more information about the **2045 Transportation Mobility Plan** and to provide the opportunity for public input. Public meetings will be advertised through the project website, social media, and email.
